1. DEFINITIONS

1.1 Defined terms

In this Section 4, unless the context otherwise requires, the following expressions shall have the following meanings:

"Competent Authority Restriction of Use" means a Restriction of Use (other than one which constitutes an Extended Disruption under and for the purposes of Condition H7 of Part H of the HS1 Network Code):

- (a) as a result of any Change of Law or any Direction of any Competent Authority other than ORR; or

"Corresponding Day" means, in respect of any Day (the "First Day"):

- (a) a Day which is contained in the same Timetable Period as the First Day and on which the Services scheduled in the First Working Timetable are the same as would have been scheduled on the First Day but for Restrictions of Use reflected in the First Working Timetable for the First Day; or
- (b) if no Day is found under paragraph (a), then a Day during the equivalent time of year in the year immediately preceding the Timetable Period which includes the First Day and on which the Services scheduled in the First Working Timetable are the same as would have been scheduled on the First Day but for Restrictions of Use reflected in the First Working Timetable for the First Day; or
- (c) if no Day is found under paragraph (a) or (b) above, such other Day as the parties may agree or as may be determined in accordance with paragraph 6;

"Corresponding Day Timetable" means, in relation to a Corresponding Day, the First Working Timetable or such other timetable as may be agreed between the parties or otherwise determined in accordance with paragraph 6;

- "Direct Costs"** means the aggregate demonstrable amount of:
- (a) bus and taxi hire costs;
 - (b) publicity costs;
 - (c) train planning and diagramming costs; and
 - (d) other costs directly related to the organisation and management of the Train Operator's response to a Restriction of Use,
- reasonably incurred by the Train Operator as a result of a Restriction of Use, adjusted by:
- (i) adding any increase in costs which results from increases in train mileage; and
 - (ii) deducting any decrease in costs which results from decreases in train mileage;
- but only to the extent that the Train Operator has used reasonable endeavours to mitigate such costs and excluding any loss of profit, loss of revenue and consequential losses;
- "HS1 Restriction of Use"** means any Restriction of Use other than an Operator Restriction of Use or a Competent Authority Restriction of Use;
- "Operator Restriction of Use"** means a Restriction of Use of the type referred to in paragraph 2.3;

- "Restriction of Use"** means, in respect of any Day, any restriction of use of all or any part of the Routes (other than one caused by a Recovery Allowance which was contained in the Applicable Rules of the Plan relevant to that Day notified to each Bidder on or before the end of the Drafting Period under Part D of the HS1 Network Code) which results in:
- (a) a difference between the Applicable Timetable on that Day as compared with the First Working Timetable in respect of that Day; and/or

- "Week"** means a period commencing at 00:00:00 hours on any Saturday and ending at 23:59:59 hours on the next following Friday.

1.2 Interpretation

A Restriction of Use shall be deemed to be taken if and to the extent it results in any difference between timetables of the type referred to in the definition of "Restriction of Use". For these purposes, a difference between timetables shall be deemed to be due to a Restriction of Use where the difference was initially the direct result of the Restriction of Use being notified, whether or not the Restriction of Use was subsequently cancelled in whole or in part.

1.3 Suspension Notices

Wherever a Suspension Notice is in force, the effects of that Suspension Notice shall be the subject of Section 6 and not of this Section 4. A Restriction of Use shall only be treated as a Restriction of Use to the extent that it involves a Restriction of Use of all or any part of the Routes which is not covered by the restriction under that Suspension Notice.

2. APPLICATION OF THIS PART

2.1 Entry into effect

This Section 4 shall apply in respect of Restrictions of Use.

2.2 **Applicable Rules of the Route and the HS1 Network Code**

The provisions of this Section 4 shall be without prejudice to:

- (a) HS1 Ltd's right to take Restrictions of Use under or pursuant to the Applicable Rules of the Route;
- (b) the establishment of any amended Working Timetable under Part H of the HS1 Network Code; and
- (c) any rights pursuant to the HS1 Network Code that the Train Operator may have to challenge any decision of HS1 Ltd.

2.3 **Operator Restriction of Use**

HS1 Ltd shall not be obliged to make any payments to the Train Operator for any one or more Restrictions of Use to the extent:

- (a) required as a result of any damage to HS1 or Environmental Damage which in each case:
 - (i) arises wholly or mainly from the operations of the Train Operator or its failure to comply with its obligations under the Contract; and
 - (ii) HS1 Ltd demonstrates, is in excess of fair wear and tear arising from use of HS1 by the Train Operator; or
- (b) requested by the Train Operator (other than for the purposes of inspection, maintenance, renewal or repair of HS1);
- (c) required in connection with a Network Change proposed by the Train Operator under Condition G3; or
- (d) that the Restriction of Use is within the Possessions Allowance.

2.4 **HS1 Ltd payments**

Subject to paragraph 2.3, HS1 Ltd shall make payments to the Train Operator (in accordance with the procedure in paragraph 8) in respect of Restrictions of Use calculated on the following basis:

- (a) for each HS1 Restriction of Use, in accordance with paragraph 3; and
- (b) for each Competent Authority Restriction of Use, in accordance with paragraph 7.

2.5 **Part G Restriction of Use**

A Part G Restriction of Use shall be subject to compensation in accordance with both this Section 4 and Part G of the HS1 Network Code. The application of this Section 4 shall be without prejudice to the application of Part G, save that in calculating the compensation to be paid to the Train Operator under Part G for the implementation of the relevant Network Change, any payment made or to be made by HS1 Ltd to the Train Operator under this Section 4 in respect of the Part G Restriction of Use shall be taken into account for the purposes of Condition G2.3 as a benefit to be obtained by the Train Operator as a result of the relevant Network Change and accordingly be deducted from (and thereby reduce) the

amount of compensation otherwise payable by HS1 Ltd to the Train Operator under Part G in respect of that Part G Restriction of Use.

3. COMPENSATION FOR HS1 RESTRICTIONS OF USE

Subject to paragraph 9, HS1 Ltd shall, in respect of each HS1 Restriction of Use, pay to the Train Operator the Direct Costs incurred by the Train Operator as a consequence of such HS1 Restriction of Use.

4. ASSET MAINTENANCE PLAN

4.1 HS1 Ltd shall provide a copy of the Asset Maintenance Plan to the Train Operator within 10 Working Days of the Effective Date and shall provide copies of any material changes proposed to the Asset Maintenance Plan to the Train Operator, identifying where these may result in requirements for Restrictions of Use outside the Possessions Allowance.

4.2 The Train Operator shall be entitled to review and comment on the Asset Maintenance Plan and on any proposed material changes to the Asset Maintenance Plan submitted by HS1 Ltd. HS1 Ltd shall give reasonable consideration to any such comments, in particular where they relate to possible requirements for a Restriction of Use outside the Possessions Allowance and shall notify the Train Operator of its response to such comments as soon as reasonably practicable.

5. SECTION 8 APPLICATION

If and to the extent that a HS1 Restriction of Use is not reflected in the Applicable Timetable for the Restriction of Use Day, the amount of compensation (if any) shall be calculated in accordance with Section 8 (to the exclusion of any compensation under Section 4).

6. RESTRICTION OF USE DAY AND CORRESPONDING DAY

(a) If, for the purpose of identifying a Corresponding Day, no Day is found under paragraph (a) or (b) of the definition "Corresponding Day" and the parties have failed to reach agreement on the Corresponding Day by the date falling 8 Weeks before the relevant Passenger Change Date then either party may require that the identification of the Corresponding Day be resolved by submission to the Disputes Resolution Procedure.

(b) The relevant Forum's remit shall be that it shall:

(i) reach a decision which is fair and reasonable; and

(ii) identify the Day in either any version of the Working Timetable or any Draft Timetable notified to the Train Operator on or before the end of the Drafting Period in either case which has been produced in accordance with the HS1 Network Code as at the Restriction of Use Day and which most closely reflects the Services which would have been scheduled on the First Day (as that term is used in the definition of Corresponding Day) but for Restrictions of Use reflected in the First Working Timetable for the First Day.

7. COMPETENT AUTHORITY RATE

7.1 Calculations

The Competent Authority Rate shall be calculated as follows:

- (a) where any compensation paid to HS1 Ltd in relation to a Competent Authority Restriction of Use is sufficient to cover the Relevant Costs of all train operators using HS1 and of HS1 Ltd, the Relevant Costs of the Train Operator in relation to the Competent Authority Restriction of Use; and
- (b) where such compensation is not so sufficient, such proportion of that compensation as the Train Operator's Relevant Costs bears to the sum of HS1 Ltd's Relevant Costs and the Relevant Costs of all train operators using HS1 in respect of that Competent Authority Restriction of Use.

7.2 Negotiation of compensation with Competent Authority

HS1 Ltd shall use all reasonable endeavours to negotiate with the relevant Competent Authority a level of compensation in respect of the Competent Authority Restriction of Use which is sufficient to ensure that the Train Operator receives compensation for all of its Relevant Costs. HS1 Ltd shall from time to time consult with the Train Operator and keep the Train Operator informed in reasonable detail of the progress of such negotiations.

7.3 Notification of Train Operator's Relevant Costs

- (a) Within 28 days of the end of each Period in which a Competent Authority Restriction of Use is taken, the Train Operator shall supply to HS1 Ltd:

- (b) shall exclude payments to any person (other than the Train Operator) under or in accordance with the provisions of any access agreement with such person other than any such payments which are for obligations to compensate for damage to property, and so that any claim for indemnity under the Contract for such payments for damage to property, in relation to any incident, shall be limited to the maximum amount for which the Train Operator would be liable for such damage in accordance with the CTRL Claims Allocation and Handling Agreement; and

such Relevant Losses:

- (i) shall not be subject to the limitation of liability in this Section 5; and

Where a Reserved Capacity Right is utilised by another train operator in Period p, the Train Operator shall be entitled to a rebate (the "Individual Capacity Rebate") of 75% of the lower of:

- (a) $0.25 \times CIRCPT_{RP}$ in respect of that Reserved Capacity Right; and
- (b) where the other operator is a passenger operator, the amount of the IRC paid by that operator and, where the second operator is a freight operator, 75% of the OMRC paid by that operator.

A Reserved Capacity Right shall only be utilised by another train operator for the purpose of this paragraph 6.2 where the utilised capacity matches the characteristics of the Reserved Capacity Right in all material respects and there is no other unreserved capacity which could have been utilised by that train operator which has materially similar characteristics. Where a Reserved Capacity Right of the Train Operator and another train operator could satisfy these criteria, the rebate shall be split on a fair and equitable basis. - (b) the shortfall in the recovery of freight OMRC arising from the distance travelled by freight trains on HS1 in the Period being less than the distance it was assumed they would travel on HS1 in the Period,

provided that this sum shall be offset by any over recovery arising from the distance travelled by freight trains on HS1 in a Period being greater than the distance it was assumed that freight trains would travel on HS1 in the Period.

10. WASH UP AMOUNT

10.1 The Wash Up Amount (WU_p) in respect of each Relevant Year t shall be calculated as follows:

 - (iii) as a result of the exercise by HS1 Ltd of its rights pursuant to Part J of the HS1 Network Code;
 - (iv) as a result of any Cancellation which is attributed to HS1 Ltd,

which during such Relevant Year have not already been taken into account in calculation pursuant to this Section 7.

APA_t means in respect of Relevant Year t, the difference between the values of IRC, OMRCA, OMRCB and Capacity Reservation Charge which would have been payable had those sums been invoiced in arrears (with indexation being applied in accordance with paragraphs 2.2 and 3.2 of Part 2) and the values of the IRC, OMRCA, OMRCB and Capacity Reservation Charge actually paid.

10.2 The Wash Up Amount in respect of each Relevant Year shall be calculated by HS1 Ltd promptly following the end of each Relevant Year. Where the Wash Up Amount:

- (a) is payable by the Train Operator, the provisions of Part 4 of this Section 7 shall apply; and
- (b) is payable by HS1 Ltd, HS1 Ltd shall promptly pay such amount following receipt of an invoice from the Train Operator.

10.3 Notwithstanding paragraph 10.2, HS1 Ltd shall be entitled to calculate the Wash Up Amount on an interim basis during a Relevant Year and the parties shall make appropriate payments to reflect any such calculation. Any payment following the end of the Relevant Year shall take account of any such payments made.

11. CARBON REDUCTION COMMITMENT

The Carbon Cost in Period p shall be the fair and equitable proportion (as determined by the ORR) of all costs, expenses and any other financial liabilities relating to the carbon

- (b) those effects shall not be regarded as causing any Minutes Delay or Cancelled Trains.

2. CALCULATION OF MINUTES DELAY AND CANCELLATION MINUTES

2.1 Minutes Delay

The Minutes Delay in respect of a Train when it triggers a Recording Point shall be equal to:

- (a) in respect of the first Recording Point triggered by that Train on any Day (and, where the Train has subsequently left HS1 (save where it is routed via Ashford International), in respect of the first Recording Point which it triggers each time it crosses back onto HS1 on that Day), the number of minutes (rounded down to the nearest whole minute) by which the time at which that Train triggers the Recording Point is later than the time at which that Train is scheduled in the Applicable Timetable to do so; and
- (b) in respect of any other Recording Point, the lesser of:

- (i) the number of Minutes Delay in respect of that Recording Point calculated in accordance with paragraph 2.1(a) (as if that Recording Point were the first Recording Point triggered by that Train); and
- (ii) the greater of $((A_1 - A_2) + B)$ and zero

where:

A_1 is the number of minutes between the time at which the Train triggers the Recording Point (rounded down to the nearest whole minute) and the time the Train last triggered a Recording Point (rounded down to the nearest whole minute);

A_2 is the relevant time lapse scheduled in the Applicable Timetable between those same two Recording Points; and

B is any Recovery Time between those Recording Points incorporated in the Applicable Timetable;

provided that any Minutes Delay which arise from a single incident or a series of related incidents and which are less than three minutes in aggregate shall be deemed to be zero.

2.2 Cancellation Minutes

In relation to a Train which is a Cancelled Train, the number of Cancellation Minutes applicable to trains of its Traffic Type shall apply.

2.3 Cancellation Minutes and Minutes Delay

Notwithstanding paragraph 2.1, where a Train is a Cancelled Train, the Minutes Delay for each Recording Point on the leg of its journey which is the subject of that cancellation shall be deemed to be zero.

3. RECORDING OF PERFORMANCE INFORMATION

3.1 Recording of Minutes Delay and Cancelled Trains

Without prejudice to its obligations under Part B of the HS1 Network Code, HS1 Ltd shall use the Performance Monitoring System to record for each Day in respect of each Train scheduled in the Applicable Timetable:

- (a) each Cancelled Train and the incident(s) causing such Cancelled Train where the incident can be identified;
- (b) the time at which the Train triggers each Recording Point;
- (c) the Minutes Delay for that Train at each Recording Point; and
- (d) where the Minutes Delay which that Train has accrued since the last Recording Point are greater than or equal to three minutes:
 - (i) the incident(s) causing each minute of any delay included in Minutes Delay; and

- (ii) those Minutes Delay for which HS1 Ltd is unable to identify a cause.

The provisions of this Section 8 which concern the recording of train performance information or which refer to information regarding train performance, and the rights and remedies of the parties in respect of the recording of that information, shall be subject to and interpreted in accordance with the provisions of the Performance Data Accuracy Code.

3.2 Recording of allocated responsibility for Minutes Delay and Cancelled Trains

HS1 Ltd shall for each Day and for each Train scheduled in the Applicable Timetable record separately in the Performance Monitoring System those Minutes Delay and Cancelled Trains caused by incidents:

- (a) for which HS1 Ltd is allocated responsibility in accordance with paragraph 4.2;
- (b) for which the Train Operator is allocated responsibility in accordance with paragraphs 4.3 and 4.4(b);
- (c) for which another train operator is allocated responsibility in accordance with paragraph 4.4(a);
- (d) for which neither party is allocated responsibility, in accordance with paragraph 4.5;
- (e) for which no cause can be identified; and
- (f) which are Planned Incidents.

3.3 Failed Recording Points

Without prejudice to its obligations under Part B of the HS1 Network Code, HS1 Ltd shall use all reasonable endeavours:

- (a) to restore as soon as reasonably practicable any failed Recording Point; and
- (b) pending such restoration, to compile such information from manual records and other sources, including the Train Operator, and otherwise to substitute such information as is appropriate to reflect as accurately as is reasonably practicable the actual performance of the relevant Trains for the purposes of this Section 8.

3.4 Provision of information by Train Operator

The Train Operator shall record and shall continue to record such information as HS1 Ltd may reasonably require and which it is reasonable to expect the Train Operator to have or procure in connection with any Minutes Delay and Cancellation Minutes that may arise and shall provide such information to HS1 Ltd promptly after such information first becomes available to the Train Operator.

3.5 Notification

HS1 Ltd shall promptly notify the Train Operator upon HS1 Ltd becoming aware of any failure or any likely failure to record accurately the information which it is required to record under paragraphs 3.1 and 3.2. Any such notification shall be in sufficient detail to enable the Train Operator to institute the recording of such information in connection with the Trains for which the recording of information is subject to such failure or likely failure

as the Train Operator may reasonably achieve. The Train Operator shall institute such recording as soon as it is reasonably able following receipt of the notification from HS1 Ltd and will use all reasonable endeavours to provide HS1 Ltd with the resulting information no later than 1700 hours two Working Days following the Day on which it was recorded.

4. ALLOCATION OF RESPONSIBILITY FOR MINUTES DELAY AND CANCELLED TRAINS

4.1 Assessment of incidents causing Minutes Delay and Cancelled Trains

- (a) In assessing the cause of any Minutes Delay or Cancelled Train, there shall be taken into account all incidents contributing thereto including:
 - (i) the extent to which each party has taken reasonable steps to avoid and/or mitigate the effects of the incidents; and
 - (ii) where a Restriction of Use overruns due to the start of such Restriction of Use being delayed by a late running Train, the incident(s) giving rise to that late running.
- (b) The parties shall take reasonable steps to avoid and mitigate the effects of any incidents upon the Trains and any failure to take such steps shall be regarded as a separate incident.
- (c) HS1 Ltd shall identify:
 - (i) in respect of each incident recorded under paragraph 3.1(d)(i) as causing Minutes Delay, the extent to which that incident caused each of the Minutes Delay; and
 - (ii) in respect of each incident recorded under paragraph 3.1(a), the extent to which that incident caused the Cancelled Train.
- (d) So far as HS1 Ltd is reasonably able to do so, it shall identify whether responsibility for incidents causing Minutes Delay or Cancelled Trains is to be allocated to HS1 Ltd, to the Train Operator or to another train operator in accordance with the following provisions of this paragraph 4.

4.2 HS1 Ltd responsibility incidents

Responsibility for Minutes Delay and Cancelled Trains on a Day caused by incidents for which HS1 Ltd is allocated responsibility pursuant to this paragraph 4.2 shall be allocated to HS1 Ltd. Unless and to the extent otherwise agreed, HS1 Ltd shall be allocated responsibility for an incident which causes a Train operated by the Train Operator to be subject to Minutes Delay or a Cancelled Train (other than a Planned Incident) if that incident is caused wholly or mainly:

- (a) by breach by HS1 Ltd of any of its obligations under the Contract; or
- (b) (whether or not HS1 Ltd is at fault) by circumstances within the control of HS1 Ltd in its capacity as the infrastructure manager of HS1; or

- (c) (whether or not HS1 Ltd is at fault) by any act, omission or circumstance originating from or affecting HS1 (including its operation), but excluding any incident caused wholly or mainly by rolling stock on HS1 for which any train operator (including the Train Operator) would be allocated responsibility if it were the Train Operator operating that rolling stock under this Contract.

4.3 Train Operator responsibility incidents

Responsibility for Minutes Delay and Cancelled Trains on a Day caused by incidents for which the Train Operator is allocated responsibility pursuant to this paragraph 4.3 shall be allocated to the Train Operator. Unless and to the extent otherwise agreed, the Train Operator shall be allocated responsibility for an incident which causes a Train operated by a train operator other than the Train Operator to be subject to Minutes Delay or a Cancelled Train (other than a Planned Incident) if that incident is caused wholly or mainly:

- (a) by breach by the Train Operator of any of its obligations under the Contract; or
- (b) (whether or not the Train Operator is at fault) by circumstances within the control of the Train Operator in its capacity as an operator of Trains; or
- (c) (whether or not the Train Operator is at fault) by any act, omission or circumstance originating from or affecting rolling stock operated by or on behalf of the Train Operator (including its operation), including any such act, omission or circumstance originating in connection with or at any station (other than in connection with signalling under the control of HS1 Ltd at that station or physical works undertaken by HS1 Ltd at that station), any light maintenance depot or any network other than HS1.

4.4 TOC on TOC Minutes Delay and TOC on TOC Cancellations

- (a) Where a Train operated by the Train Operator is subject to Minutes Delay or is a Cancelled Train on a Day for which another train operator would be allocated responsibility if it were the Train Operator operating that rolling stock under this Contract, then responsibility for those Minutes Delay and the Cancellation Minutes in respect of that Cancelled Train shall be allocated to that train operator and not HS1 Ltd.
- (b) Where a train operated by another train operator is subject to Minutes Delay or is a Cancelled Train on a Day for which the Train Operator is allocated responsibility under this Contract, then responsibility for those Minutes Delay and the Cancellation Minutes in respect of that Cancelled Train shall be allocated to the Train Operator and not HS1 Ltd.

4.5 Other incidents

Neither party shall be allocated responsibility for:

- (a) any incident caused by an act, omission or circumstance originating in connection with or at a station which:

- (ii) prevents the access of passengers through the station to or from the Train;
- (b) any identified incident in respect of which HS1 Ltd and the Train Operator are equally responsible and for which neither HS1 Ltd nor the Train Operator is allocated responsibility under paragraph 4;

- (c) Negotiations under paragraph 5.4(b)(ii) shall continue, if necessary, until a date no earlier than five clear Working Days after the end of the Period in which the event giving rise to the dispute referred to in paragraph 5.4(a) occurred.
- (d) Where the Train Operator disputes any attribution which relates to TOC on TOC Minutes Delay or TOC on TOC Cancellation Minutes, HS1 Ltd shall use reasonable endeavours to procure that such other affected train operator cooperates in the resolution of such dispute. Where a train operator disputes any attribution which is relevant for the purpose of this Contract, the Train Operator shall cooperate with HS1 Ltd and that train operator in the resolution of that dispute.

6. NOTIFICATION OF PERFORMANCE SUMS

6.1 Notification

Within 14 days after the end of each Period, HS1 Ltd shall provide the Train Operator with a statement for that Period showing:

The parties agree that the purpose of such recalibration is to determine what changes, if any, should be made to Schedule 6 to the Contract which would better incentivise the parties to keep delays and cancellations to a minimum, having regard to the fact that the caps on liability shall not be subject to change without the consent of each of the Access Parties which may be affected by any such change. Such review shall be undertaken by reference to performance on HS1 during the year ending on the Period which ended most recently prior to 1st July 2011.
- 9.2 Following a Material Change, either party shall be entitled to require that the Benchmarked Values are recalibrated in accordance with this paragraph 9 by serving a Proposal for Change pursuant to Part C of HS1 Network Code, the purpose of which is to determine what changes, if any, should be made to Schedule 6 to the Contract as a consequence of such Material Change having regard to the fact that the caps on liability are not subject to review.

9.3 It is acknowledged that any recalibration of the Benchmarked Values in relation to one track access contract may affect other train operators under other track access contracts and that those affects and the consequent changes required in relation to those other contracts may all require to be taken into account as part of any such process. The parties agree that if a Proposal for Change is served under another track access contract which incorporates these Terms (or substantially similar terms) that they will comply with Part C in respect of such Proposal for Change and to any amendment to Schedule 6 as a consequence of such Proposal for Change.

9.4 Following the Benchmarked Values being revised in accordance with Part C:

- (a) Schedule 6 to the Contract shall be deemed to have been amended to reflect such revised values from the date of the notice referred to in paragraph 9.1 or (if applicable) from such other date as may be established in accordance with the Part C process for the change to take effect;
- (b) the calculations of the Performance Payments previously undertaken pursuant to this Section 8 shall be repeated using the revised Benchmarked Values in substitution for the original Benchmarked Values with effect from the first Period to commence on or after the date on which the changes to the Contract take effect, HS1 shall notify the Train Operator within 35 days after the end of the Period in which Schedule 6 is amended of the amount of any payment required from either party to the other to take account of the repeated calculations and the provisions of paragraphs 6, 7 and 11 shall apply mutatis mutandis in relation to the payment and /or dispute of those amounts.

10. NOTICES

All notices under this Section 8 shall be given in accordance with paragraph 5.4 of Section 9.

11. DISPUTES

If any dispute is notified under paragraph 6.2 it shall be resolved according to the following procedure:

- (a) within seven days of service of the relevant notice, the parties shall meet to discuss the disputed aspects with a view to resolving all disputes in good faith;
- (b) if, for any reason, within seven days of the meeting referred to in paragraph 11(a), the parties are still unable to agree any disputed aspects, each party shall within seven days prepare a written summary of the disputed aspects and the reasons for each such dispute and submit such summaries to the senior officers of each party;
- (c) within 28 days of the first meeting of the parties, the senior officers of the parties shall meet with a view to resolving all disputes; and
- (d) if no resolution results before the expiry of 14 days following that meeting, then either party may require that the matter be resolved in accordance with the Disputes Resolution Procedure.

3. TRAIN OPERATOR PERFORMANCE SUMS

3.1 Subject to paragraphs 3.2 and 3.3 and paragraph 4, the Train Operator Performance Sum (TOPS) for each Period shall be payable by the Train Operator to HS1 Ltd and shall be calculated according to the following formula:

$$TOPS = \sum(TOP \times TOPR)$$

where:

TOP is in respect of each affected train operator, the Train Operator's performance in respect of the Period calculated in accordance with the following formula:

$$TOP = TOMD + TOCM$$

excluding those Cancellation Minutes which arise from Train Operator Excluded Incidents; and

Σ means the summation across all affected train operators; and

TOPR means, in respect of each affected train operator, the payment rate per Delay Minute or Cancellation Minute applicable to the traffic type for that train operator and set out in Schedule 6 of that affected train operator's track access contract.

- 3.2 For the purpose of paragraph 3.1, any Delay Minutes or Cancellation Minutes attributed to the Train Operator which relate to delays or cancellations experienced by an affected train operator shall be ignored in respect of any Period if the performance experienced by that train operator in that Period calculated in accordance with the following formula ("TOCPP") is better (that is a smaller number than) than the TOC on TOC Receipt Benchmark of the affected train operator:

$$TOCPP = \frac{HSTMD + HSTCM}{TA}$$

where:

HSTMD in respect of that affected train operator under its track access contract, is the aggregate for all Recording Points of the Minutes Delay in respect of the Period allocated to HS1 Ltd in accordance with paragraph 4 of Part 1 together with any TOC on TOC Minutes Delay, excluding in either case those Minutes Delay which arise from HS1 Ltd Excluded Incidents;

HSTCM in respect of that affected train operator under its track access contract, is the aggregate of the Cancellation Minutes arising from each Cancelled Train as specified in column F of Schedule 6 to that contract in respect of the Period allocated to HS1 Ltd in accordance with paragraph 4 of Part 1 together with any TOC on TOC Cancellation Minutes, excluding in either case those Cancellation Minutes which arise from HS1 Ltd Excluded Incidents; and

TA is the aggregate number of Trains operated or due to be operated by the affected train operator in that Period calculated in accordance with the following formula:

$$TA = TA_{OP} + TA_{SB}$$

where:

TA_{OP} is the aggregate number of Trains to be operated by the affected train operator in that Period as Scheduled in the Applicable Timetable; and

TA_{SB} is the aggregate number of Trains operated by the affected train operator in that Period by virtue of Spot Bids and which do not appear in the Applicable Timetable.

- 3.3 The Train Operator Performance Sum shall not exceed the lower of:
- (a) in respect of any Relevant Year, the Performance Cap in respect of that Relevant Year;
 - (b) in respect of the first Advance Period in any Relevant Year, 25% of the Performance Cap in respect of that Relevant Year;

- (c) in respect of the second Advance Period in any Relevant Year, 50% of the Performance Cap in respect of that Relevant Year less the aggregate of any Train Operator Performance Sum already paid by the Train Operator to HS1 Ltd in respect of the Relevant Year; and
- (d) in respect of the third Advance Period in any Relevant Year, 75% of the Performance Cap in respect of that Relevant Year less the aggregate of any Train Operator Performance Sum already paid by the Train Operator to HS1 Ltd in respect of the Relevant Year.

3.4 HS1 Ltd shall provide the Train Operator with evidence to support the calculations carried out in accordance with this paragraph 3.

4. TRAIN OPERATOR PERFORMANCE RECEIPT

4.1 In respect of each Period, HS1 Ltd shall, as soon as reasonably practicable, account to the Train Operator for the Train Operator Performance Sums which it receives pursuant to the equivalent paragraph 3 of the track access contracts of the train operators (other than the Train Operator) operating on HS1 on the following basis:

- (a) where all delays and cancellations which gave rise to the Delay Minutes and Cancellation Minutes (excluding those which arise from Train Operator Excluded Incidents) which are attributed to any relevant train operator (other than the Train Operator) were experienced by the Train Operator, HS1 Ltd shall account to the Train Operator for the Train Operator Performance Sum paid by that relevant train operator; and
- (b) where the delays and cancellations which gave rise to the Delay Minutes and Cancellation Minutes (excluding those which arise from Train Operator Excluded Incidents) which are attributed to any relevant train operator (other than the Train Operator) were experienced by the Train Operator and one or more other train operators, HS1 Ltd shall account to the Train Operator for a sum equal to:

$$\frac{\sum (TOPS \times A)}{B}$$

where:

\sum is the summation in respect of all relevant train operators;

TOPS is the aggregate Train Operator Performance Sum received by HS1 Ltd in respect of the Period from the relevant train operator (other than the Train Operator);

A is calculated as follows:

$$A = TDMCM \times OPR$$

where:

TDMCM is the sum of the Delay Minutes and Cancellation Minutes (excluding those which arise from Train Operator Excluded Incidents) which are attributed to the relevant train operator (other

than the Train Operator) under its track access contract which were experienced by the Train Operator in such Period; and

OPR is the payment rate (Indexed) specified in column C of the table at Schedule 6 to the Contract for the relevant traffic type; and

B is, in respect of all train operators (including the Train Operator), the sum of the values of A for all such train operators,

provided that in calculating the values of A and B, Delay Minutes and Cancellation Minutes shall be ignored where they were not taken into account in the calculation of TOPS by virtue of the equivalent of paragraph 3.2 of the relevant track access contract and the operation of any Performance Cap shall be ignored; and

provided further that the aggregate amount which HS1 Ltd shall be liable to account to all train operators under this paragraph 4 and its equivalents in other track access contracts in respect of any Period shall not exceed the Train Operator Performance Sum received by HS1 Ltd in respect of that Period under all those contracts.

4.2 HS1 shall include details of the calculations and amounts payable under this paragraph 4 in the notifications made under paragraph 6 of Part 1 and shall act responsibly with a view to securing payment to it by each train operator of the Train Operator Performance Sums which it owes.

5. PERFORMANCE IMPROVEMENT PLANS

- (b) in 8 out of any 13 consecutive Periods the value of HSP1 referred to in paragraph 1 is between the HS1 Ltd Poor Performance Threshold and the HS1 Ltd Performance Benchmark referred to in column H of Schedule 6 to the Contract,

the remedial provisions of Part L of HS1 Network Code shall apply in respect of HS1 Ltd's performance.

5.2 If:

- (a) in 3 out of any 13 consecutive Periods the Train Operator Performance Sum either does or would, but for the operation of paragraph 3.3, exceed one thirteenth of the Performance Cap in respect of the Relevant Year, or
- (b) in 8 out of any 13 consecutive Periods the total delay caused to other train operators by the Train Operator exceeds the Train Operator Performance Benchmark referred to in column G of Schedule 6 to the Contract; or

the remedial provisions of Part L of HS1 Network Code shall apply in respect of the Train Operator's performance.
