

## **HS1 LTD – WORKS FRAMEWORK**

### **CALL FOR COMPETITION**

HS1 is seeing expressions of interests from qualified and experienced organisations for inclusion on the Works Framework for construction projects across its portfolio to support its future work bank across all business departments. The supplier will provide a wide range of skills, experience, and capabilities in successfully managing and executing programmes and projects across the entire lifecycle. The key requirements will cover:

- Manage, design, source, supply, install, integrate, handover to operations projects within any of the four HS1 managed stations and surrounding area, these would cover:
- Building Works including retail fit out, landlord modifications, mechanical, electrical and
- Site Management & logistics
- Highways
- Technology and system communication works.
- Provide Early Contractor Involvement into design develop and sustainability
- Validate RIBA drawings
- Undertake Intrusive & Non-Intrusive validation surveys
- Stakeholder Management & Engagement

The Framework will be available for all types of construction work, Construct only or Design & Construct. The Framework will include pre and post contract construction services for the management of the development of projects.
