

HS1 LTD ELECTRICITY SUPPLY CONTRACT

PRIOR INFORMATION NOTICE

HS1 Limited has an Electricity volume requirement for both traction and non-traction of c.220 GWh p.a. and is seeking to procure its next generation Electricity Supply Contract (ESC) which will have a duration of up to 5 years. The new contract will have an initial lead in period from April 2024 to allow for forward planning and purchasing and will become live for Supply from **1 April 2025**.

The ESC will need to be strategically aligned to HS1's Sustainability Strategy and will need to facilitate 100% renewable energy. There is a specific requirement for the ESC to sleeve trades from current and future Corporate Power Purchase Agreements which will account for the majority of baseload power.

The RFP including the full-Service specification and evaluation criteria will be published in the Call for Competition which will be issued in mid-September 2023. There will be a six-week response time allowed for any interested bidders meeting the published criteria to submit their response.

If you are interested in receiving the tender pack, please ensure you are registered on the procurement portal via the link below and confirm your interest by message via the portal.
